

Professional Herbalism Program: Application 2019-2020

Name: _____

Nickname(s): _____ Preferred Pronoun (he/she/they): _____ DOB: _____

Address: _____

Phone: (home) _____ (cell) _____ (other) _____

Email: _____ Current occupation: _____

How did you learn about this program? _____

Have you attended an Open House? _____

1) ArborVitae has a three year Professional Program, is it your intent to complete all three years and if so, are there are any obstacles you are aware of to do so?

Please answer the following questions. Use a separate sheet of paper if you need more space. Please limit responses to no more than half a page:

2) Briefly describe any experience you have with herbal medicine, including use of herbs, and education to date. Also, please briefly describe any other medical or other health care training you have.

Each year course offers approximately 400 hours of instruction in basic herbalism, holistic anatomy and physiology, botany and plant identification and medicine making, traditional nutrition, energetics and more. Instruction will include a variety of traditional approaches to healing, with a focus on herbalism based on energetics, and the tissue state model.

3) What would you like to learn in the three year program? Are there any particular interests you have?

The foundational year program classes will be held on Wednesday's (9am-5pm), plus one weekend (Saturday and Sunday, 9am-5pm both days) per month from September through May. Specific dates will be listed on the ArborVitae website. Some of these classes include field trips in and around the city. Additionally, there will be optional study and Q&A sessions and special evening classes offered as well. Students will also be expected to complete readings, assignments, and projects outside of class, which may require several hours per week. In order to satisfactorily complete the course and receive a certificate, students are expected to attend classes and to complete all assignments.

Note: Students may miss 15% of classes and still be eligible to receive certification. Additional class absences for unforeseen circumstances may be able to be made up. All homework must be completed in order to receive the certificate.

4) Are there any reasons why you might not be able to commit to attending class regularly or completing assignments?

Please attach separate sheets with the following items (these additional two items are *required* parts of the application):

- A formal or informal copy of your resume or any outline of work/life experience. Please let us know about your education and work experience. Include anything you feel is relevant, paid and unpaid work, care for family, friends, etc...
- 1-2 page (maximum) responses to the following questions:
 - Please let us know about your interest in herbal medicine. Describe what herbalism means to you.
 - What would you like to gain from taking the Foundational Year course? How do you see yourself using your herbal knowledge in the future?

Email your application (this form), plus your resume, and answers to the above two questions to ask@arborvitaeny.com. Any questions about the application or process may be directed to that email address as well. We prefer electronic applications, but we do accept paper applications mailed to One Union Square West, Suite 309 New York, NY 10003. Please also email us a notification if you mail your application.

I agree to the [Full Tuition Agreement](#) or the [Payment Plan Agreement](#) upon applying. (Initial Here)
