Have you submitted an application for the:

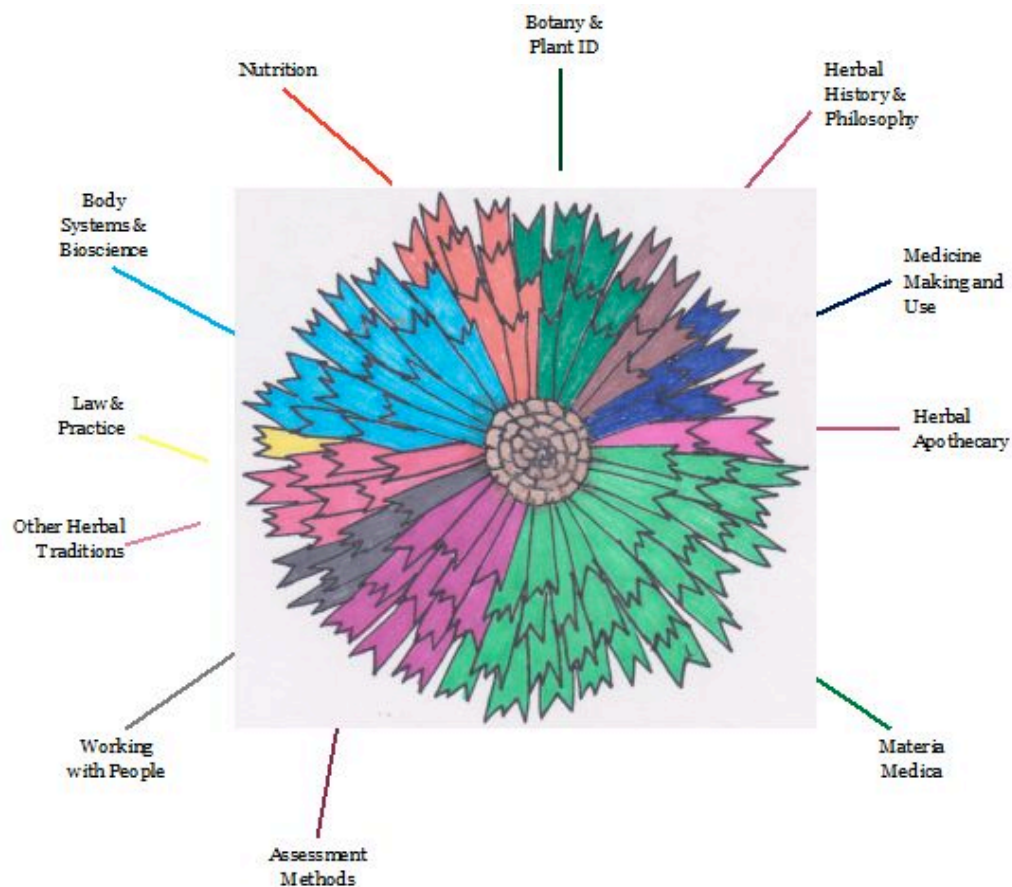

First year Foundational program?

Second-Third year Clinical program?

Year I Curriculum

The Foundational Program is a 320 hour program covering the following topics. The chart provides a rough break down of the relative emphasis on the various topics (with some inevitable amount of overlap between topics as the curriculum has an integrated approach).

Please review the following carefully and complete the following. Use additional space /append additional page(s) as needed. Please provide any additional documentation (such as certificates, diplomas, etc.) that you have.
